

EUROPEAN MASTERS OUTDOORS RECORDS 2021

compiled by Ivar Söderlind, Statistician Manager of EMA

December 31, 2021

I have worked with the European Masters Records more than 33 years (started in July 1988). Since June 2000, when I started the EVAA Web Site, I have also compiled and reported the European Records on EVAA/EMA Web Site. In 2012, we started the Data Base of the European Records/Best Performances in EVAA Website. The Data Base and the EMA Record Group with me, Giusy Lacava from Italy and Fernando Marquina from Spain are steps in the right direction in pace with times. I will also continue to publish my Record lists with my comments on the EMA Web Site.

In 2021 up to December 31 we have registered 40 European Masters Outdoor Records (25 are world records). Anita Włodarczyk's world record in K35 Hammer, 78.48, was her victory result when she became Olympic Champion in Tokyo on August 3, 2021. Rolf Geese, GER has in many years (since 1999) been incorrectly included as record holder in M55 decathlon. It has now been emerged that his 14.10 in 100 m hurdles is a manual time and Rolf's record has been deleted. New record holder is Thomas Stewens, GER with 8312 points, noted 18-19 september 2021.

In 2020 up to December 31 we had, despite the Corona pandemic, registered 27 European Masters Outdoors Records and 17 of these records also were World Records. In 2019 up to December 31 we registered 51 European Masters Outdoors Record (29 European World Records). In the EMA Championships 2019 in the province of Venice, Italy in the towns Jesolo, Caorle and Eraclea we registered 22 European Records (9 European World Records). In 2018 we registered 60 European Masters Outdoors Records (29 European World Records) and in the WMA Championships in Malaga 2018 30 European Records (10 European World Records). In 2017 we registered 56 European Records (35 World Records) and in the European Championships in Aarhus 2017 29 European Records (12 World Records). In 2016 we registered 45 European Records (21 World Records) and in the WMA Championships in Perth 2016 12 European Record(s) (3 European World Records).

We also have 2 more results (a) which shall be ratified as European Outdoor Records when/if all record forms/documents are received and ratified by EMA.

In 2010 we changed in the Record Lists because of new equipments, weights, hurdles distances etc. In K70+ and M80+, 300m hurdles have been replaced by 200 m hurdles (hurdle height 68.6 cm). In the European Record Lists, we will for a while present both old records (in 300m hurdles) and the new records (in 200m hurdles). In K75+ the weight in shot put and hammer dropped from 3.0 kg to 2.0 kg and in weight throw it dropped from 5.45 to 4.0 kg. The old records in these throw events will be left up until it is better results with the new weights. From January 2014, we also have new age factors for scoring of Combined Events (Throw Pentathlon, Pentathlon, Heptathlon and Decathlon). Age Factors have 2014 been conditionally calculated without any performances existing and are therefore adjusted and redefined: Hammer-Factor (new weight) for Age Category M80+, Hammer-Factor (2,0 kg/Women), Shot Put-Factor (2,0kg/Women) and Heavy Weight-Factor (4,0kg/Women) for Age Category W75+. All records which are affected by the new age factors are now updated. Observe that IAAF's rules concerning the winds in Multievent competitions were changed in the congress at the World Championships in Berlin 2009 and the 4.0 m/s limit is not valid anymore! The only rule is the average of 2.0 m/s taken over all wind measured events. Remember when you report new Multievent Records to include the results for all the events and not only the points (see in the EMA application). A copy of "photo finish" and "zero control test" are required for events with Fully Automatic Timing. "Zero control test" means that the Record Application must be accompanied by an electronic photo of the gun shot that shows that the clock starts just when you see the mouth of the flame, ie, one must above all prove that the clock does not start later, which would provide for a better time.

Only results with all tasks reported (Birth Date, Date and Place for the Competition etc) are approved as official records. For 100m, 200m, the short hurdle distances, long jump and triple jump outdoors only results reached with up to 2.0 m/sec are accepted (wind-gauge is definitely necessary). It must be electrical times (not manual) for records in 100m, 200m, 400m, short and long hurdles and from 2013 also for 800m.

We have noted if the European Records are Official World Records. Notice that EVAA/EMA has decided that only events which are in the program for European Championships will be in the Record List (with exception of 3000m). New records can most easily be reported by the EMA Record Application! Take copies of the application from the EMA Web Site and also send a copy of the result lists to us, preferable by mail as an attachment. If the European Record also is a World Record, I will inform the WMA Records Chairperson, for their approval.

Results from European Masters Athletic Championships - EMAC (Stadia/Non-Stadia/Indoors) and results from WMA Championships are not necessary to report to EMA. We in the Record Working Group also have control over the results from international competitions sanctioned by WA (IAAF up to 2019) or EA (EAA up to 2019) and figuring in the WA and EA Calendars. If WA and EA accept results that are made in accordance with their regulations, we need no further checks.
* = new records registered 2021 * = new records registered 2020

EMC = record noted in European Masters Athletic Championships
EVC = record noted in European Veteran Athletic Championships (up to 2014)
WMA = record noted in WMA Championships
EC = record noted in European Championships
EMG = record noted in European Masters Games
